'GARDEN TO GLASS'

When we created the new cocktail selection for Moor Hall, we wanted to focus on one clear and concise concept. That idea manifested itself as 'Garden to Glass'. We are focusing on products grown in our gardens, those sourced from the local area and within our kitchens to minimise waste.

We are also proud believers that tea offers similarities to wine based on both the environment the leaves are grown within, the 'terroir', and gastronomic qualities. O

ur aim was to incorporate high quality and food friendly teas into our offering.

We hope that we have succeeded in our goals and that you enjoy a little taste of what Moor Hall's and the worlds great tea gardens have to offer.
