‘GARDEN TO GLASS’

When we designed our cocktail selection for Moor Hall, we wanted to focus on one clear and concise concept. That idea manifested itself as ‘Garden to Glass’.

Where possible we are using produce grown in our gardens, those sourced from the local area and within our kitchens to minimise waste.

We are also proud believers that tea offers similarities to wine based on both the environment the leaves are grown within, the ‘terroir’, and gastronomic qualities.

Our aim was to incorporate high quality and food friendly teas into our alcohol-free offering as well as working with some of the premium non-alcoholic drink producers we have today.

Both our cocktail and alcohol-free selections are built around classic recipes and flavour combinations, yet still led by the seasons, allowing us to create something truly unique.

We hope you share our enjoyment and enthusiasm in what we have developed.

The Bar Team.
